To Whom It May Concern:

I am writing this letter in support of Reg Noël of Reg Noël Design Inc.

Last fall, Reg helped our organization celebrate the 25th anniversary of our head office. Through a collaborative art project, we involved employees to form a piece of artwork shaped as trees, a symbolic foundation of our companies. Employees were invited to imprint their thumbs to form the texture of the trees.

Throughout the process Reg was extremely attentive, adjusted his plans and ideas to reflect our organization and delivered a final piece of artwork that impressed our employees and executive.

Reg's organization and professionalism guided the project and his personable nature and passion for his work made the process enjoyable.

I would recommend Reg to work with other groups or individuals. Should you have any further questions, please feel free to contact me at 1-506-859-5155 or Thivierge.Sharon@universal-prop.com.

Sincerely,

A handwritten signature in black ink that reads "Sharon Thivierge". The signature is written in a cursive style with a large initial 'S'.
