Dear Reg,

I wanted to take this opportunity to thank you for the outstanding job you did bringing together such an outstanding Team Building initiative for us on such short notice. Our Staff Christmas Party is always a joyous affair filled with good will and a sense of Team accomplishment for another year of business success. However, it is always a challenge to make our great group of staff participants understand just how much they mean to each other and the Dealership as a whole. Your active art project was a standout success with our group and helped to embrace the concept of Team and everyone being just as valuable to the overall outcome of the group as any other one person.

Our staff compliment has grown over the years from less than twenty to over 50 and it is a real challenge trying to find a team building activity that can fit into a reasonable time constraint especially when you are including it as a feature of an even larger event, such as our Staff Party. Your willingness to make your process accommodate our needs is testament to your can-do attitude and genuine desire to make every client's experience unique and truly special.

In our case, I was not only thrilled that we were able to involve our staff in the art process but also their spouses in attendance who make up such a significant part of the support structure that allows them to be such great assets to our Dealership. You were even able to incorporate a special contribution by the staff and servers at the party, which I truly feel was unique and inclusive in all the right ways.

I was even more impressed by the finished product which is a great piece of artwork that hangs in our Boardroom for all to see including the great narrative you incorporated in the piece along with our group photo just showing your incredible ability to include so many elements in your pieces that make them unique and special for our staff.

Obviously, I am thrilled with all aspects of your process, from the flexibility, creativity, project pricing to the genius simplicity, I would recommend your art projects whole heartedly to anyone considering a group Team Building Initiative.

Thanks again,

A handwritten signature in blue ink, appearing to read 'John Brushett', is written over the printed name.
